## All Over The World / Song Lyrics

We we are the dreamers  
We could be leaders  
Living as one  
Love love is the answer  
Now and forever  
Heaven will come

There's a hope  
Beyond the sunset skies  
And on the mountains high  
There is hope  
There's a peace  
And in the darkest place  
Whatever we may face  
There is peace

All over the world  
It's all across the nation  
Wider than the ocean  
And a love we can rely on  
All over the world  
It's higher than the highest  
Deeper than the deepest  
Got a love that is the greatest

We we are the future  
Working together  
Finding our way  
Life life is a journey  
We keep on learning  
Day after day

All the people of the world  
Every boy and every girl  
Our time is now  
Spread love all around  
All across this land  
All together we stand  
One world One life  
One love

## Thank You / Song Lyrics

You You give me the love that I need  
Everything I wanna be  
You are my never ending hope  
You're living in all that I see  
There is a future for me  
My life my everything

Thank You I just wanna say  
Thank You I just wanna say  
I cannot believe  
What You've done for me  
Thank You I just wanna say  
Thank You I just wanna say  
Where do I begin  
Everybody sing

Through the highs and through the lows I go  
With You here beside me  
Every step I take with You I know  
You're carrying me

You You've taken the blame with the cross  
Given Your life for the lost  
To show Your everlasting love  
You're greater than I ever knew  
Beautiful wonderful You  
My life my everything

La la la la la la la  
La la la la la la  
La la la la la la la la la

## Lighting Up The World / Song Lyrics

I feel this love around me  
lighting up the world  
I see the wonder of it all  
The coldest winter the autumn leaves  
A summer breeze behind me  
Each time I see another  
Morning break the night  
There is a sunrise on it's way  
Then all creation begins to rise  
And bring another day

Lighting up the world for me  
So real and wonderful to see  
And who could ask for more  
Who could ask for more  
Beautifully made for us  
So we can surely care enough  
And we can have it all  
We can have it all

We've got to look around  
and change the way we are  
And help to build a better place  
We need to wake up and hear the truth  
So we can learn together  
We have to show the way and care for where we live  
And keep believing in our hearts  
We've got to hold on to all we have  
And change the way we are

So when the thunder and the clouds come over  
And then the night time brings a flood  
We come together for a brighter future  
We feel the power feel the love

Tell me how do I describe  
The sun the moon the stars the sky  
And all for us to share

So when the thunder  
And the clouds come over  
And then the night time brings a flood  
We come together for a brighter future  
We feel the power feel the love

Tell me how do I describe  
The sun the moon the stars the sky  
And all for us to share

## We're Not Alone / Song Lyrics

When the sun goes down  
There's a chill in the air there's a sound  
No I won't be afraid  
'Cos I know that You don't turn away

Give me that understanding  
Tell me where I'm going  
Give me love everlasting  
I'm never on my own  
Show me that life of freedom  
Give me life with meaning  
Everything to believe in  
We're not alone

If you're lost in life  
And you can't see right  
He will be your guide  
He will be your light  
Every night  
Do you know He won't leave you  
Every step you take  
Every move you make

If you go or stay  
If you run away  
Every day  
He will always be with you

When your dreams all fade  
Every time every plan that you've made  
Never fear or despair  
Do you know He will always be there

Feel the love and the life  
And the hope and the light  
In the good and the bad  
When you're lost and you're sad  
We're not alone  
We're not alone  
If you don't really know  
Where your life's gonna go  
When you're up or you're down

## Viva Forever/ Song Lyrics

We got the new sound  
Come on everybody  
Let's get down  
Time to get up  
Let's do it now  
So don't wait  
Just move around  
Move around

Can you feel it  
And can you hear it  
Can you see it  
Do you believe it

Everybody come together  
Celebrate this life forever  
And I feel like I'm in heaven  
Keep moving together  
Let your body feel the music  
And the love will take you through it  
We can show you how you do it  
Say viva forever

Eh-oh eh-oh  
Stand up stand up  
Everybody sing along  
Eh-oh eh-oh  
Hands up hands up  
There's a party going on

## Just The Way You Are / Song Lyrics

We see the sadness  
In each and every land  
It's time to reach out  
To show we understand

Because we all need someone  
To lead us every day  
Somebody here for us  
To help us on our way

Whatever we have said and done  
Or wherever we come from  
Love is the reason  
There is a freedom  
Given for each and everyone

There's nothing you can do or say  
Nothing that will take away  
God so amazing  
And never changing  
Loving you just the way you are

How are we helping  
If we don't show our love  
What are we doing  
To show we care enough

## Everlasting Peace / Song Lyrics

There's a place we can go  
If we feel all alone  
To calm our fears  
Wipe away our tears  
If we turn to the cross  
There is hope for the lost  
Amazing love  
Everlasting peace

You lead me through the night  
Your hand secure in mine  
Protecting me and guiding me  
Every moment of my life  
Wherever I may go  
Whenever I'm alone  
You carry me You shelter me  
You're my everlasting peace

With a love I can feel  
And a hope ever real  
I call Your name  
Then I rise again  
All my days I will sing  
Of the joy You can bring  
Eternal life  
Everlasting peace

With you here in my heart  
How can I fall apart  
I will be strong  
Knowing I belong with You
